SIGN POSTS

U CHANNEL SIGN POSTS MANUFACTURED IN NORTH AMERICA

Our U Channel Sign posts are rolled in our Canadian facility and available in custom and stock profiles, lengths and finishes, designed to suit our customers unique requirements. Their robust construction guarantees longevity, reducing maintenance costs for municipalities and organizations responsible for road safety.

CUSTOMIZE YOUR GAUGE, LENGTH AND FINISH

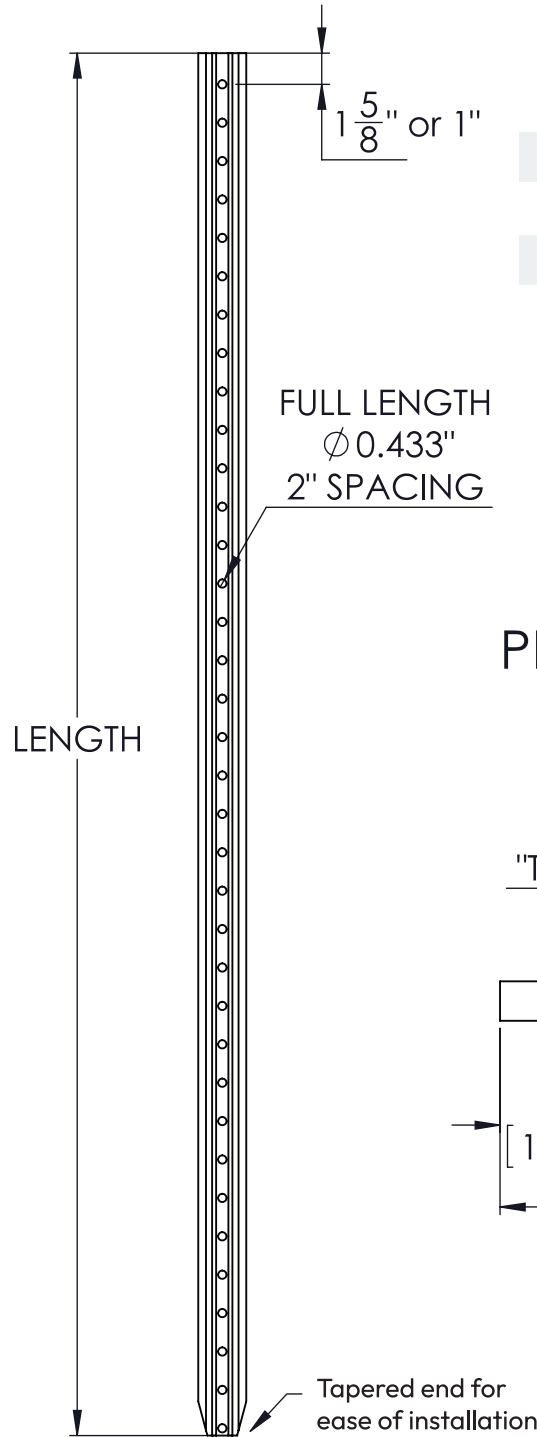

We offer thicknesses from .188" ga to 10 ga that can be customized to the length that you need. We galvanize our standard posts to ASTM 123 Standards, but can also offer painted signposts when required. Our standard products are 50KSI but we have the capability to produce 80KSI channel as required.

STOCKING PROGRAM

Cargowall's focus is on quality and responsiveness. We maintain a stocking program for popular gauges and lengths that allows us to provide many posts immediately.

MINI SIGN POST

MINI SIGN POSTS MANUFACTURED IN NORTH AMERICA

Our 50KSI Mini Sign posts are rolled in our Canadian facility and available in custom and stock profiles, lengths and finishes. Their lighter gauge is perfect for agriculture, line marking, parking lots and recreational use.

CUSTOMIZE YOUR GAUGE, LENGTH AND FINISH

We offer 12 and 14 ga posts that can be customized to the length that you need. We galvanize our Mini's to ASTM A123 standards, but can also offer powder coated Mini's to our customers specifications.

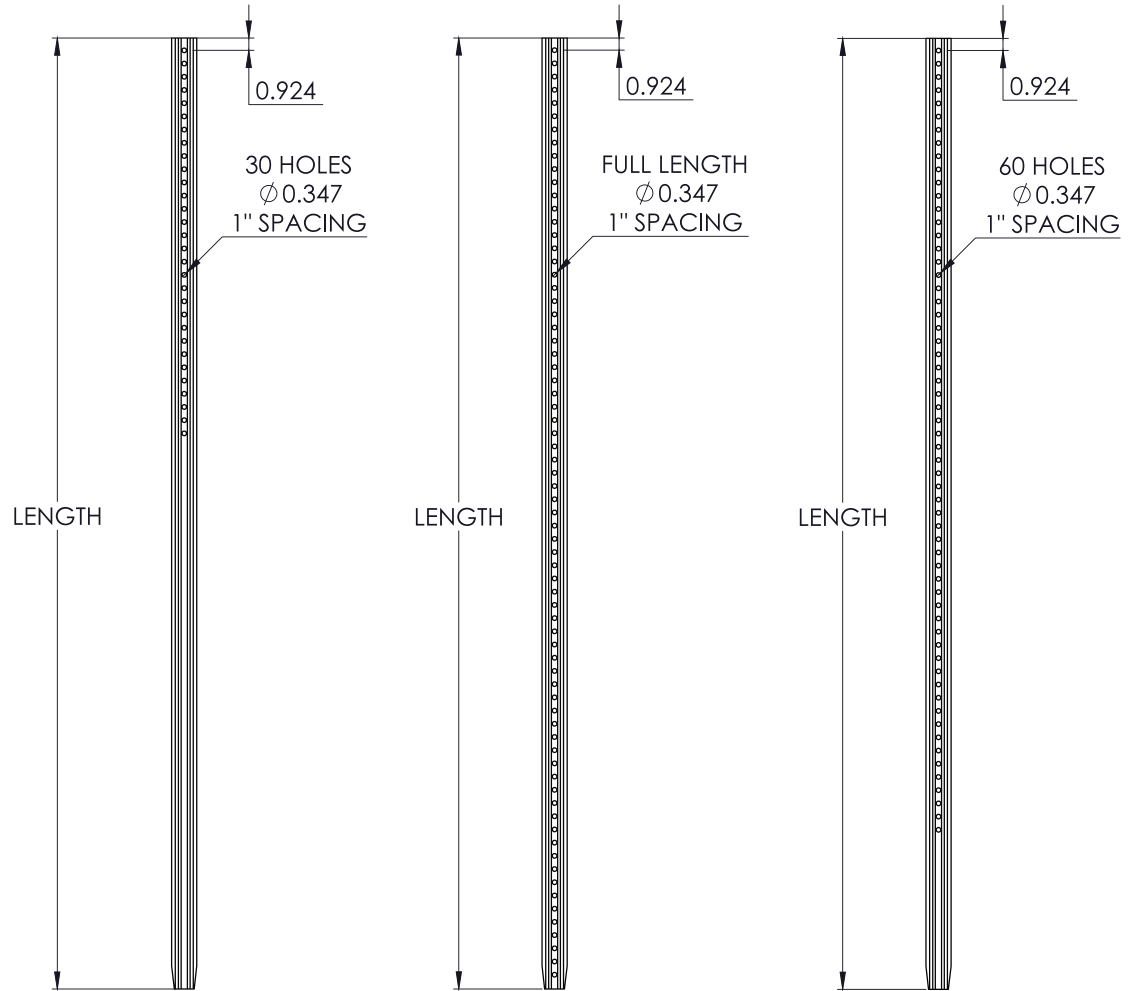

STOCKING PROGRAM

Cargowall offers a stocking program, similar to our standard signposts, with various galvanized and paint finishes in stock at all times.

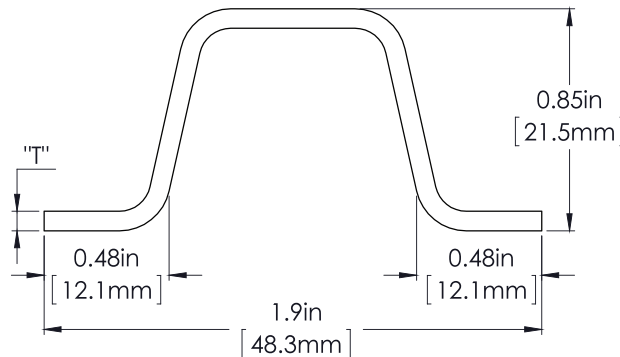

GAUGE	LENGTHS	STANDARD FINISHES
12	4, 5, 6, 7, 8	GALV, GREEN, YELLOW, BLUE
14	4, 5, 6, 7, 8	GALV, GREEN, YELLOW, BLUE
